although we would have liked to meet in person in Milano to enjoy after-COVID-19-life.

A large global audience enjoyed the excellent and inspiring lectures which have been presented at the first ESAB-SusChem Webinar on Broadening the Scope of Biocatalysis in Sustainable Chemistry, organized by Andres Alcantara and Pablo Dominguez de Maria on 29th April 2021, and the ESAB Webinar on Biocatalysts from Extremophiles, organized by Jennifer Littlechild on 28th May 2021. We thank all speakers and participants for the stimulating discussions.
